Gli ultimi modelli prodotti dal Colonnello Colt prima della sua scomparsa furono il Modello 1860 Army cl.44 e il Modello 1861 Navy cl.36 realizzati con le nuove leghe di acciaio-argento che furono scoperte negli stabilimenti del Colonnello.

Abbiamo introdotto nella nostra gamma diversi modelli: PIETTA SHERIFF'S Model, la PIETTA 1860 ARMY BRASS FRAME, una versione più economica dell'originale con castello in acciaio, la 1861 con impugnatura in ottone, la PIETTA 1862 NEW YORK METROPOLITAN POLICE cl. 36, l'arma utilizzata dalla polizia della città da cui prende il nome, con fascetta e sottoguardia argentati e la PIETTA 1862 POLICE " PONY EXPRESS " cl. 36/44 con castello in ottone.

The last models produced by Col. Colt before his death were the 1860 Army Model .44 cal. and the 1861 Navy Model .36 cal., built using the new steel-silver alloy discovered in the Col. Colt's plants. We have introduced various models in our range: PIETTA SHERIFF'S Model (o), PIETTA 1860 ARMY BRASS FRAME, an inexpensive variation of the original steel frame gun, PIETTA 1861 NAVY, with brass backstrap and triggerguard, PIETTA 1862 NEW YORK METROPOLITAN POLICE .36 cal., the gun which was for many years the ordnance weapon of the N.Y.P.D., with silver plated backstrap and triggerguard, THE PIETTA 1862 POLICE "PONY EXPRESS" .36/.44 cal. with brass frame.
